

ENGLISH

We will be building up on our phonetical awareness on phonemes and graphemes whilst singing and sequencing popular nursery rhymes. We will also learn how to predict with *Elmer's* adventures and *Oi! Dog's* Rhyming words extending our vocabulary.

ESPAÑOL

A través de fichas, vídeos y juegos trabajaremos el reconocimiento de grafías asociadas a sus correspondientes fonemas: vocales, p, m, l, s, t, d, n, f.

TOPIC - HISTORY

We will learn and observe the differences that make us unique, our stages of growth, daily routines and family members.

Year 1
Autumn Term 1

Computing

We will be learning how to stay safe through the *Chicken Clicking*, *Stinky Troll* and *Old Mac Donald* had a phone internet safety stories.

MATHS

We will play and experiment with fun resources to familiarize ourselves with numbers to 20, being able to count backwards and forwards and finding the missing digits on a number line.

MUSIC

We will learn Harvest songs to perform in a school and use our voices with more confidence and pitch notes as accurately as possible keeping a steady beat with some untuned percussion instruments.

Science

We will be investigating different kinds of animals, their diet, movements and their differences and similarities to humans.

P.S.H.E.E

We will be experimenting the changes from reception to year 1, familiarizing ourselves with our class rules expectations for behaviour and school Covid measures to assure our wellbeing.

ART

We will be introducing the primary and secondary colours using different styles, concepts and techniques such as collage and mosaics.

P.E.

We will be exploring our small body parts, working on our balance and learning how to recognize body tension and space awareness.
