

## ENGLISH

Children will enjoy the much-loved Grimm Brother's fairytale *The Magic Porridge Pot* as they read, write recipes and cook their own porridge!

Our reading and writing skills will be improved as we revise all of our sounds with *Fred the frog*.

## MATHS

Children will be making arrays, finding halves and quarters and describing turns to be able move objects around the space understanding and using the terms *right, left, forwards, backwards, above and below*.

They will need all of these words for our pirate treasure hunt!

## P.S.H.E.E

During this half term, Nancy will guide us into Sean's routines as we develop empathy towards children on the autistic spectrum for the international Autism Awareness Day.

## ESPAÑOL

Introduciremos las letras ñ, z, ch. Lectura y escritura de palabras con estas grafías.

Repaso de letras ya trabajadas.

Escritura y lectura de palabras y frases cortas.

Year 1

Summer Term 1

## MUSIC

Children get ready for our school's International Day by playing percussion musical instruments and singing the *Children of the World* song.

## ART

Children will be inspired by national artist Joan Miró to create a collaborative mural based on his master piece *Constellations*.

## TOPIC - HISTORY

This term, Blackbeard and Anne Bonny will be sailing with us in our pirate adventure as we learn about their clothing features and ship parts and main functions.

Will we discover their treasures?

## Computing

Students will understand and apply their basic coding and programming skills following precise instructions to move Bee-bots around a map.

Will they be able to make their robots turn left and right?

## Science

Children will learn how to name and identify different everyday materials with the help of the *Three Little Pigs*. They will then design their dream home considering the properties of each material.

## P.E.

Children will learn how to control and roll objects in a given direction as they become buccaneers, taking part in a pirate themed Gymkhana!
